Kindergarten – Primary – Secondary & High School

BEYOND LEARNING. FUTURE-READY

As a member of the Van Lang Education Group with more than 30 years of experience in education in Vietnam, UTS understands that the world our students will enter is evolving at an unprecedented pace. The rapid advancement of artificial intelligence and technology is not only transforming how people learn and work, but also redefining the competencies required for the future. **Therefore, what truly matters is not only the knowledge students acquire, but also how they think, adapt, collaborate, and make responsible choices.**

After 8 years of development with three campuses in Ho Chi Minh City, UTS remains committed to its vision of becoming a model for future-ready K-12 education in Vietnam, nurturing a generation of global citizens. At the heart of this journey is UTS's mission to nurture every heart and mind so that UTS-ers can **Grow, Lead, and make a meaningful Impact** - developing holistically, guided by strong values, and contributing positively to the community

To realise this vision and mission, UTS adopts **BEYOND LEARNING** as our guiding educational approach. **BEYOND LEARNING** is reflected in the way the school designs everyday learning experiences, transforming knowledge into meaningful competencies. Students are encouraged to expand their learning beyond the classroom through co-curricular activities, engaging with authentic contexts and real-life experiences. A concept may begin in the classroom, but it becomes truly meaningful when students observe, question, practice, present their perspectives, and apply knowledge to real-life tasks. In this way, learning is not merely about acquiring knowledge; it is a journey of developing thinking, building skills, and nurturing character, empowering students to confidently navigate change and step into the future.

FUTURE-READY FRAMEWORK

The Future Ready Framework at UTS provides a comprehensive overview of how the school nurtures five student portraits for the future, delivered through two flexible learning pathways and guided by the Beyond Learning educational approach.

TWO FUTURE-READY LEARNING PATHWAYS

At UTS, each learning pathway is designed to provide students with opportunities to develop competencies, build strong character, and confidently move toward the future.

Kindergarten

Floppy's Phonics
English Programme

Oxford
International Curriculum

Talent Programme

Grade 1 – Grade 12 Education

International Pathway

Overview

Designed through the integration of the Oxford International Curriculum (OIC) and a streamlined Vietnamese National Curriculum.

Programme Highlights

- English learning exposure of **up to 82%**
- Subjects delivered in English include: English, Mathematics, Science, Global Citizenship, Music (Grade 6-9), Performing Art (Grade 3-9), and Computer Science

Learning Progression

- Grade 1 – 8: Oxford International Curriculum
- Grade 9 – 10: International GCSEs Programme
- Grade 11 – 12: International A-Levels Programme

Bilingual Pathway

Overview

Developed based on the combination of the Vietnamese National Curriculum, U.S. Common Core State Standards, and Next Generation Science Standards (NGSS).

Programme Highlights

- English learning exposure of **up to 45%**
- Subjects delivered in English include: English, Global Citizenship, Performing Arts (Grade 3-9), Music (Grade 6-9).
- Bilingual subjects (English–Vietnamese): Mathematics and Science

Learning Progression

- Grades 1–9: International bilingual programme aligned with Common Core Standards
- Grades 10–12: Advanced Placement (AP) programme (recommended pathway)

EXTRA CURRICULUM ACTIVITIES

Developed based on the
Beyond Learning educational approach across four key dimensions:

Wellbeing

Holistic
Development

Learning
Experience

Future
Preparation

OUTCOMES^(*)

- International GCSEs Certificates
- International A-Levels Certificates
- Oxford International Curriculum Completion Certificates for each stage (Primary & Lower Secondary)

OUTCOMES^(*)

- SAT Certification (recommended outcome)
- Advanced Placement (AP) Certificates (recommended outcome)
- Vietnamese National High School Diploma

(*) Applicable for students enrolled at UTS from Grade 1 to Grade 12

(*) Applicable for students enrolled at UTS from Grade 1 to Grade 12

BEYOND LEARNING

Beyond Learning reflects how learning happens every day at UTS. Learning is intentionally designed to be active, interactive, and connected to real life so that knowledge can be transformed into meaningful competencies. UTS-ers learn through exploration, questioning, projects, and hands-on experiences that deepen understanding while developing skills applicable across different contexts. When learning is translated into action, students gradually build life skills and confidence, preparing them naturally for the future.

| WELLBEING

- A positive educational approach inspired by the philosophy of “The Joy of Learning.”
- The Wellbeing subject is taught across all grade levels, supporting students’ holistic health and development.
- School psychologists work closely with students to provide direct guidance and support.
- Physical activities and nutrition programmes are designed to suit students at each stage of development.

| HOLISTIC DEVELOPMENT

- A multicultural environment that broadens students’ perspectives and fosters respect for differences.
- More than 50 complimentary clubs designed around four core competency groups, enabling students to explore their interests and develop their individual strengths.
- Students confidently use language in a learning environment that simultaneously nurtures academic English proficiency and everyday communication skills.

| LEARNING EXPERIENCES

- Interdisciplinary and cross-grade projects aligned with clear learning objectives
- Experiential learning connected to real-world contexts
- A K-12 school system that nurtures strong connections within the learning community
- Opportunities to participate in national and international competitions, enriching students’ experiences
- Student-centred learning spaces equipped with modern facilities and technology

| FUTURE PREPARATION

- Career guidance begins early, helping students explore interests, identify strengths, and shape a well-suited pathway.
- Students engage in real-world experiences through connections with businesses and universities in Vietnam and internationally.
- Ongoing support to build CVs and strengthen university applications, preparing students for admission to leading universities

KEY MILESTONES

ON THE JOURNEY OF NURTURING GLOBAL CITIZENS AT UTS

2018

Establishment of
UTS Van Lang Complex

2021

- Official partner of Oxford University Press
- Implementation of the Oxford International Curriculum (OIC)

2022

- Became a member of the Council of International Schools (CIS)
- Establishment of **UTS Botanique Campus**
- Recognised as a Microsoft Showcase School

2024

- Officially became an OxfordAQA Approved Centre
- Offering a complete Oxford International pathway leading to International GCSEs & A-Levels
- Establishment of **UTS Saigon South Campus**

2025

Achieved STEM.org Accredited™ certification by STEM.org Educational Research™ (USA)

UTS CAMPUS SYSTEM

Learning spaces thoughtfully designed for a holistic educational journey, where students' experiences and development are placed at the center.

US VIETNAM TALENT INTERNATIONAL SCHOOL

UTS Van Lang Complex Pre-school to Grade 12

A modern educational complex offering diverse and engaging learning experiences.

Gate 1: 69/68 Dang Thuy Tram Str., Binh Loi Trung Ward (formerly Binh Thanh District)

Gate 2: 80/68 Duong Quang Ham Str., An Nhon Ward (formerly Go Vap District)

UTS Botanique Campus Kindergarten

Nurturing a love of learning from the very early years in a green campus in the heart of the city.

360D Ben Van Don Str., Vinh Hoi Ward (formerly District 4)

UTS Saigon South Campus Kindergarten to Grade 12

An international-standard learning experience at our flagship campus, set within 30,000 m² of green space.

68 Street No. 22, Binh Hung Commune (formerly Binh Chanh District)
